## 33<sup>RD</sup> AMERICAS CUP VIP SPECTATOR CATAMARANS LIMITED AVAILABILITY

Our VIP Catamaran is based on the South Marina, right in the entrance to the America's Cup Harbour, from which you can see the America's Cup teams pass by each day as they head out and return from the race course for training and competition. We will follow the racing boats to the Regatta's field which are only a few minutes from the harbour and watch the competitions from close by on the Spectators

border. Sailing and staying aboard in the America's Cup Marina will place you in the centre of both sport and entertainment activities without any other need or worry during your stay in Valencia. Day Chartering begins at 11:00 in the America's Cup Port where we will be waiting for you with a welcome cocktail and for the safety briefing. We will then appreciate the competing yachts making their way to the sea just after noon and then depart from the Marina to watch the events of the day

positioning the boat right on the border of the Race Field. During the pause between the regattas we will sail along the coast of Valencia. In order to make your day relaxing aboard, a maximum of 12 day charter guests will be accepted on board. In those days a third regatta is not scheduled, we may sail further and appreciate the sea and sun of Valencia for longer periods. Not forgetting that the teams are training everyday while not in competition, which will allow us to get even closer.
